TESTIMONIAL

« The EU-LI-PHE COST Action brings together many people from all over Europe and beyond, with different backgrounds and expertise, and therefore has the potential to change the field of research by improving knowledge, but also to change the lives and careers of individual researchers through exchange opportunities! ».

DR JARISSA MASELYNE

Flanders Research Institute for Agriculture, Fisheries and Food, Belgium

EXAMPLES OF ACTIONS WITH LEADERSHIP POSITIONS

** The arrow icon is a clickable link to each Action*

- Transnational family dynamics in Europe
- Advanced composites under high strain rates loading: a route to certification-by-analysis
- European network for innovative woody plant cloning
- Maximising impact of multidisciplinary research in early diagnosis of neonatal brain injury
- European network for the mechanics of matter at the nano-scale
- Cyber-physical systems and digital twins for the decarbonisation of energy-intensive industries
- Computational techniques for tabletop games heritage
- Participation through prayer in the late medieval and early modern world
- European network for the integrative approach of urban forestry
- A pan-European network of ocean tribology

SUCCESS STORY

EXCELLENT SYNERGY

Story with Prof. Wim Thiery of the Free University of Brussels
